INTEGRATED APPROACH TO ORGANIZATION OF INDEPENDENT WORK OF STUDENTS

Nurova Oliya Salomovna*

*Senior Lecturer of the Institute,
 Counter Engineering Economics,
 Karshi city, UZBEKISTAN

ABSTRACT

The article highlights the essence of the integrated approach to the organization of independent work of students, the fact that independent work is an important part of the educational process. It is possible to complete assignments by a small group of students. Before the project is completed, roles are assigned in the group and each student completes his part of the task. This form of performing independent work is preparation for work in a team.
