THEORETICAL FOUNDATIONS OF DIGITAL ECONOMY

Turaev Khurshid Bakhridinugli*

*Student of Bukhara Engineering and Technology Institute,
 UZBEKISTAN

ABSTRACT

Before embarking on our journey into the exciting and engaging digital economy, we will try to get a closer look at the information society and a number of key concepts that are inextricably linked to it. Because only then will it be possible to understand the issues, problems and concepts presented in this article.

KEYWORDS: *New Digital Economy, Techno-Economy, Information Economy, Innovation, Digital Skills, Development.*
