ABSTRACT

The concepts grammatical homonyms which are interpreted in linguistic as quite difficult and specific have been investigated in this paper. The existing scientific opinions about these problems have been shown. In the process of communication homonyms sometimes lead to confusion and misunderstanding. Grammatical homonyms are one of the types of homonyms in the Karakalpak language. In the Karakalpak language there are not only grammatical homonyms, but also general homonyms, there was no special research. In this article, we will look at all grammatical homonyms of the Karakalpak language.

KEYWORDS: *Karakalpak Language, Homonyms, Grammatical Homonyms.*
