## CONCEPT AND MODEL OF THE TEACHER SELF-DEVELOPMENT PROCESS IN A VIRTUAL ENVIRONMENT

**Shahlo Uktamovna Nurullaeva\***

\*Associate Professor,  
Candidate of Pedagogical Sciences,  
Karshi State University,  
UZBEKISTAN

### ABSTRACT

*Globalization and flow rate of information in the modern world requires teachers to constantly work on themselves, constantly analyzed their activities and enriched their experience. The article discusses the importance of self-improvement in improving learning efficiency. From the point of view of scientific and technological progress, the concept and model of the organization of the process of self-study in a virtual environment is developed.*

**KEYWORDS:** *Teacher, Pedagogical Activity, Self-Analysis, Self-Esteem, Self-Consciousness, Activity, Independence, Responsibility, Initiative, Desire For The Goal, Self-Government, Initiative, Self-Development, Contradiction, Virtual Didactic Environment.*
