ABSTRACT

In this article, the different effects of a lexeme on a person, the information that people receive through the content of a lexeme, and the fact that the shape of some words in speech and their equality to several words (homonymous, polysemic–polysemous) or vice versa – several words are synonymous (synonymous), variant words, doublet words) are thought of various phenomena in linguistics.

KEYWORDS: *Lexeme, Semema, nomema, phrase, form, meaning, pragmatic meaning, homonym, synonym, polysemy, variant, doublet, neutral word, significant, denotation, subject, mind, word, thing.*
