ABSTRACT

This research work is devoted to the features of the translation of legal terminology from English into Uzbek. The need for professional translation today manifests itself in all spheres of life. Including these legal services are necessary in professional activities. A high-quality written translation on legal topics will be useful, for example, both for the owner of a judicial organization who has concluded a lucrative contract abroad and for an ordinary foreman who wants to read a competent translation of instructions for legal documents.

KEYWORDS: *Law, international law, legal terms, lexical units, translation, terminology, legalization, contract, documents, dictionary, proficiency, comparison.*
