ABSTRACT

The range of works studied in the reading lessons of primary school is much wider, they include Mother Nature, seasons, folklore, love of work, major holidays, national independence and spirituality. Combined within common themes such as. Through reading, a person acquires knowledge about existence and society, and a person who does not know how to read is no different from a blind person. Elementary school activities are taught in all subject areas.

KEYWORDS: *Pedagogy, Reading, Student, Psychology, Primary School, Continuing Education.*
