 UZBEKISTAN

**Senior Teacher,
 National University of UZBEKISTAN

ABSTRACT

"Inter" is "mutual", "act" is to act. . The discussion can be organized in two ways: either all the subgroups are analyzing the same question, or some large topic is broken up into separate tasks. This is a kind of public discussion of the participants in the debate, aiming at persuading a third party, and not each other, that they are right.

KEYWORDS: *subgroups, persuading*
