### ABSTRACT

*Spiritual and moral education of the younger generation is of great importance in the formation and development of a modern personality, whose activities are carried out in a multipolar socio-cultural space. Spiritual and moral education in the process should take one of the leading places in teaching Russian as a non-native (foreign) language. The article includes recommendations for teachers of Russian as a non-native (foreign) language, which can be used when writing teaching aids.*

**KEYWORDS:** *Morality, Spirituality, Teaching, Education, Personality, Society, Activities, The Younger Generation, Classics*
