### ABSTRACT

*This article is devoted to the generalization of the meaning of the word and the relatively new field of linguistics in Stylistics, and the scientific analysis of theoretical views on its prospects, summarizing the achievements of this science so far. This means that each style of speech can be expressed orally or in writing. For example, the style of speech is mainly oral. But in fiction, this style takes a written form. Modern Stylistics is understood differently in different linguistic disciplines and schools, but each point of view has its own objective basis due to the diversity of styles, which is the main subject of study of Stylistics.*

**KEYWORDS:** *Stylistics, Speech Style, Syllable, Artistic Speech, Oriental Style, Semantic, Expressive-Stylistic.*
