### ABSTRACT

*The article deals with the problem of improving the process of preparing students in a music university based on a competency-based approach. The specificity of the formation of universal and professional competencies of a musician-teacher is analyzed. The structure of professional and pedagogical competence of a musician is presented. Innovative pedagogical technologies for the implementation of competence-oriented learning in higher musical and professional education are proposed.*

**KEYWORDS:** *Competence-Based Approach, Higher Musical Education, Competencies, Professional And Pedagogical Competence, Innovative Pedagogical Technologies.*
