ABSTRACT

In this article it is written that the mahalla system in our country is a kind of national democratic institution, radically different from the models of self-government in other countries, as well as that the mahalla is a school of education and training of young people in the formation of a worldview, that is, a sense of national identity, confidence in the future.

KEYWORDS: *Self-Government, Mahalla, Democratic Institution, State And Society, Subject Of Education, Youth Education, Education And Upbringing, National Identity, Social Environment.*
