ABSTRACT

In many parts of the world there is a growing interest in modern methods of teaching English, the question of how to do it - how the curriculum, subject, the topic and methodology should be different from previously developed customary norms gives birth. Much has been written about traditional English teaching. A growing body of knowledge about modern methods of teaching English. Lots of books and articles have been written to draw attention to this topic today. Usage innovations and new pedagogical technologies give good results. Growing interest in many parts of the world in modern methods Teaching English raises the question of how it should be done – how the curriculum, subject, content and methodology should differ from the usual norms developed in the past. Much has been written about traditional English teaching, and recently, the demand for information about modern methods of teaching English has increased dramatically was limited
