ABSTRACT

The article deals with the constitutional and legal institution of parliamentary control in the Republic of Uzbekistan from the point of view of its place in the system of state control. Theoretical approaches to the concept, essence and features of control activity in general, as well as state and parliamentary control, are analyzed. Based on the nature and essence of the parliament as a legislative (representative) body of state power, a conclusion is made about its fundamental role in the system of branches of public power and the legal necessity for parliament to have a control function. The article reflects the goals of parliamentary control, their characteristics are given. It is proposed to expand the list of principles of parliamentary control in order to better understand its essence. The author of the article pays special attention to the role and importance of the institution of parliamentary control in the Republic of Uzbekistan, its influence on the form of government in Uzbekistan.

KEYWORDS: State Control, Parliamentary Control, Principle Of Separation Of Powers, Parliament, Legislative Power, Parliamentarians, Parliamentary Functions, Public Administration.
