ABSTRACT

The article discusses the method of analytical reading, which is the basis of additional language and literature teaching. It provides text selection and linguistic, poetic analysis of the selected text. If such an approach is implemented at some stage of continuing education, then, of course, the student's speech competence will be high. Analytical reading can become the basis for the preparation of a reader, student and researcher who understands the possibilities of the national language well.

KEYWORDS: *Analysis, Text Analysis, Analytical Reading, Linguistic Analysis, Speech Competence, Research Activity, Knowledge, Skills and Qualifications*
